Honorable Michael Roemer,

May 1st, 2019

I hope this letter finds your office staff and yourself doing well.

I last wrote to your office on April 11th, 2019 regarding a Federal Arrest warrant on myself, i have not recieved any response back on this matter.

I would like to if possible under your discretion to move this matter from the Western Disdric of NY(Buffalo) to closer where i Live and my fiancée and family, which is New Jersey or even NYC? I would greatly appreciate your attention and respect in this matter.

At this time i am somewhat aware of the charges but will be disputing, and or looking to eliminate any and all charges. I have my families support and hope to return home soon. Currently i am incarcerated at the Middlesex County Jail in North Brunswick NJ on an ^{UNRELATED} ~~unrelated~~ offense. I am scheduled to be released on June 26th, 2019 or earlier with a possible dismissal of charges.

During the last several weeks i have been in contact with Agent Justin Burnham about the matter mentioned above that are warranted. I have recieved substantial evidence from John Betzler stating that he is responsible for the warrants in my matter. I am just asking for a response to please change the venue to closer to where my family and I reside.

Thank you in advance for your time in this matter.
